

**MIGHT NOT BE WHAT YOU
WANT FOR CHRISTMAS
BUT IT WILL SAVE YOU
MONEY ALL YEAR LONG!**

**STRATEGIES FOR
SAVING ENERGY
AT HOME:**

**UPGRADE YOUR
THERMOSTAT**

Trane offers a selection of smart thermostats that automatically adjust the temperature according to your schedule and preferences. ENERGY STAR experts say that efficient thermostat settings can help you save on energy costs. Keep the temperature around 78 degrees in the summer and 65 degrees in the winter.
